

# Family Fun at Home:

## COZY ACTIVITIES FOR FALL & WINTER ❄️

*When the weather turns chilly, home becomes the coziest place to be. Here's a list of simple, memorable activities to make fall and winter extra special for your family.*

### 🎬 Family Movie Night

Pick a theme (spooky, holiday, or classics) and let each person choose a movie. Build a blanket fort, make popcorn, and add hot cocoa for the perfect cozy night.

### 🕯️ Candlelit Game Night

Turn off the lights, light candles, and play board games or card games. A simple change in atmosphere makes it exciting and different!

### 🍪 Bake-Off Challenge

Each family member picks a simple recipe (cookies, muffins, or bread). Vote on categories like "Best Decorated" or "Tastiest." Loser does the dishes!

### 🎨 DIY Craft Night

Create leaf art in the fall or snowflake crafts in the winter. Try easy projects like painting pumpkins, making paper garlands, or homemade holiday ornaments.

### 📖 Story Swap

Everyone brings a favorite book or story. Read aloud to each other by the fireplace or under cozy blankets. Bonus: make up silly stories as a group.

### 🔦 Indoor Scavenger Hunt

Hide items around the house with fun clues. Great for kids (and adults who like a challenge). Add treats as prizes for extra fun.

### ❄️ Build-Your-Own Hot Cocoa Bar

Set out marshmallows, whipped cream, sprinkles, caramel drizzle, and peppermint sticks. Let everyone design their perfect cup.

### 👯 Cozy Sock Dance Party

Clear the living room, put on a fun playlist, and have a dance-off in your fuzziest socks.

### 🌌 Stargazing Indoors

Hang glow-in-the-dark stars or use a projector on the ceiling. Pair it with a bedtime story or calming music.
